

Building Bridges for Women in Trades and Technology

Fleming College's Building Bridges for Women in Trades and Technology program aims to encourage and support female students to build a rewarding career in the skilled trades sector. With acceptance into this program you will receive a scholarship totalling up to \$3,500 awarded over years 1 and 2 of your educational program. You will be paired with a mentor to receive career guidance in a 1:1 or group mentorship format. Additionally, you will also have the opportunity to participate in various networking and leadership events.

Please answer the following 4 questions and provide in a separate document.

The more we know about your passion for your trade, the greater the impact on how we award the scholarships.

1. What are your career goals and how do they relate to the program you have chosen? (500 words max)
2. Why should you receive this scholarship and how this would affect you financially? (500 words max)
3. Do you already have job offer or potential employment lined up? Have you been engaged in career mentoring? (500 words max)
4. We encourage students selected for this program to give back to their community. Outline any job/co-op experiences that you feel are relevant to this program and describe volunteer activities you have taken part in. (500 words max)
