

Pathways for Workplace Graduates

Our programs train you to enter the workforce and many lead to additional Fleming programs.

Program	Further Opportunity
Blasting Techniques	The only program of its kind in Canada. Direct entry into 2nd semester Resources Drilling Technician (Optional Co-op).
Esthetician	Graduate ready to work in destination spas, resorts, cruise ships, clinics, or with experience, open your own business.
Forestry Equipment Operator	Careers for graduates within this program can include work as logging and machinery operators, silviculture and forestry workers, chainsaw and skidder operators, logging and forestry labourers, and heavy equipment operators.
Hairstyling	Combine art and science to become a licensed professional hairstylist. Learn the latest techniques and entrepreneurial skills from award-winning professionals. Graduates will have completed all required in-school training hours for the Hairstylist 332A Level 1 and 2 Apprenticeship.
Heavy Equipment Operator	Graduate with skills to operate a variety of heavy equipment and learn about worksite and equipment safety.
Mechanical Techniques - Plumbing	Gain trade-specific skills. Graduates are eligible to receive the Level 1 Plumbing Apprenticeship exemption. Earn transfer credits to reduce your workload if you choose to enter an additional trades program.
Motive Power Technician - Recreation and Sport Vehicles	Graduates will receive Level 1 in-school apprenticeship training for: Small Engine Technician - 435A, Marine Engine Technician - 435B, Turf Equipment Technician - 421C, Recreational Vehicle Technician - 690H* * Students will also complete their RV-2 LPG Certification (Recreational Vehicle Technician - 690H), which is required for students to advance to Level 2 of this apprenticeship.
Personal Support Worker	Graduates may be eligible for the Bridge to Practical Nursing program. Once part-time bridge courses are completed, enter directly into 2 nd semester of the Practical Nursing diploma program.
Trade Fundamentals	A sampler of basic level trades courses. Graduates can apply to semester 1 of Trades & Technology diplomas.

Pathways for Workplace Graduates

A FULFILLING FUTURE AWAITS

Fleming offers several programs that lead to rewarding careers for workplace level graduates and additional study opportunities.

Workplace Pathways

Admission requirements: OSSD with the majority of credits at the Workplace (E) level, including English. When Workplace (E) is the minimum course level for admission, (C) and (U/C) level courses are also accepted. Note: OLC 40 meets the English requirement.

Heavy Equipment Operator

12-week Certificate, Lindsay Campus. In a hands-on learning environment students develop the skills to operate bulldozers, graders, backhoes, excavators and other construction site equipment.
OCAS Code: HEO

Blasting Techniques

2-semester Certificate, Lindsay Campus. The only program of its kind in Canada. This highly practical hands-on program uses labs and field classes to focus on explosions, drilling and blasting, geology and safety.
OCAS Code: SBL

Forestry Equipment Operator

10-week Certificate, Lindsay Campus. (Note: not eligible for OSAP). This program provides you with introductory training on heavy forestry equipment, as well as education in forestry principles and proper safety techniques. You will get hands-on experience operating machinery and performing preventative maintenance and minor repairs. The program also includes the basics of forestry operations, harvest systems, milling and forest fire preparedness.
OCAS Code: FEO

Mechanical Techniques - Plumbing

2-semester Certificate, Peterborough Campus. Graduate with a variety of trade-specific skills that could land you employment with independent contractors or be your pathway to a plumbing apprenticeship.
OCAS Code: PLM

Esthetician - Spa Management

Fast-track, 3-semester Diploma, Peterborough Campus. Students graduate job-ready with practical experience and business skills by working in the on-campus spa.
OCAS Code: EST

Trade Fundamentals

2-semester Certificate, Peterborough Campus. This pathway program provides a sampler of basic level construction and trades skills. Get the skills you need for further trades studies.
OCAS Code: TTF

Personal Support Worker

2-semester Certificate, Peterborough Campus. This program gives students the training and credentials for a rewarding career providing support for children, adults and seniors with special needs and/or disabilities.
OCAS Code: PWS

Hairstyling

Compressed, 3-semester Certificate, Peterborough Campus. Graduates will have completed all required in-school training hours for the Hairstylist 332A Level 1 and 2 Apprenticeship. You will learn and practice the latest skills in hairstyling techniques in the newly designed on-campus salon within Fleming's Spa + Clinic multidisciplinary environment.
OCAS Code: HST

Motive Power Technician - Recreation and Sport Vehicles

3-semester Diploma, Peterborough Campus. With a focus on four areas of transportation maintenance this program offers a unique breadth of skills training. Graduates will be in demand across various sectors including marine, aviation and recreational vehicles. Apprenticeship training within the curriculum allows students to pursue an apprenticeship when employed.
OCAS Code: RVT
